Attorney Docket No.: P33099USW	:	UNDER 37 CFR 1.42
For: PYRIMIDINE DERIVATIVES AND	:	
THEIR USE AS CB2 MODULATORS	:	

This is a decision on applicants' renewed request for status under 37 CFR 1.42, filed in the United States Patent and Trademark Office on 28 February 2006.

BACKGROUND

On 18 January 2006, the Office mailed decision on petition under 37 CFR 1.42, refusing applicants' request.

On 28 February 2006, applicants filed the instant renewed request under 37 CFR 1.42.

DISCUSSION

Under 35 U.S.C. §117, legal representatives of deceased inventors may make application for patent upon compliance with the requirements and on the same terms and conditions applicable to the inventor. The "legal representative (executor, administrator, etc.) of the deceased inventor may make the necessary oath or declaration, and apply for and obtain the patent." 37 CFR 1.42.

The declaration is signed by an executor. The declaration lists the inventors and their citizenships and the legal representative and the legal representative's citizenship, residence and postal address. The declaration satisfies 37 CFR 1.497(a)-(b) and 37 CFR 1.42.

CONCLUSION

For the above reasons, the request for status under 37 CFR 1.42 is **GRANTED**.

This application is being forwarded the National Stage Processing Branch of the PCT Operations for further processing consistent with this decision. The application has a 35 U.S.C. 371 (c)(1), (c)(2) and (c)(4) date of 28 February 2006.
